Block 2 Challenge Proposal

Idea: Recipe App
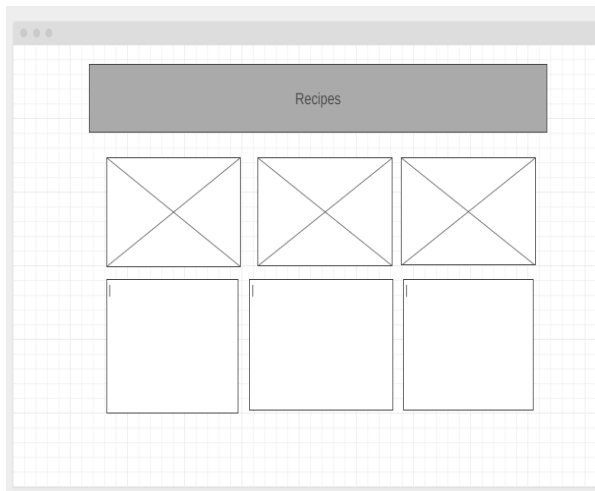

Purpose: It will be a place you can go to input a recipe and view previous ones that you have entered.

**Audience**: Women and men interested in a way to store your recipes.

Data sources: The sources will come from a local Json file with list of my recipes and localStorage

Colors/Typography:

I plan to use a cheery bright color scheme:

| 094074 | 3C6997 | 5ADBFF | FFDD4A | FE9000 |

Typography:

I plan to use myriad pro. An easy to read font that will make reading the recipes easy.

Schedule:

I have 4 weeks to complete this and will use the first week to get it set up right and then I plan to work 10ish hours each week until I complete it.
